

Sept. 10, 1947

Dr. M. R. Irwin
Dept. of Genetics
University of Wisconsin
Madison, Wisconsin

Dear Dr. Irwin:

We are sending several packages in care of the Genetics Dept. Express Collect. I would appreciate it if you would accept these packages for us. I will repay you for them when I arrive at Madison.

Among these packages will be two marked: "Cultures; Please Refrigerate on Arrival." It would be very helpful if these could be stored between -5 to +10 C. as soon as they are received. Thank you very much.

Yours sincerely,

J. Lederberg.
